Rebranding Announcement

CML has been committed to the hydraulic industry for over 40 years. Driven by the enthusiasm and resolution to continuously advance, we pace with time and endow the brand with new ideas. Since 2019, we have reviewed our positioning based on the expectations of clients and employees towards the brand.

In 2022, with rich products, profound experience in resource integration, and good insight into different industry needs, we will offer you optimal solutions to help you achieve maximal outcomes.

Also, through continuous innovation, we transform our enthusiasm for hydraulic transmission into a stable drive force that benefits customers in the long term.

Your Question, Our Motivation.

Passion Drives
